

Dear Potential Community Partner,

With the senior class at Elkins High School gearing up for graduation in 2021, the ProGrad committee is planning activities throughout the year that end in a huge celebration. Project Graduation (ProGrad) is held at the end of the year for all graduating seniors. We would like the community partners to be a part of this commemorative event, in exchange for marketing and driving our active parent community to your business. ProGrad sponsorships vary based on your desired levels of advertising at ProGrad events.

Project Graduation was established by Mothers Against Drunk Driving (MADD) to provide a safe environment for students to celebrate their academic accomplishments. The event is a generally held on-site at Elkins High School and under adult-supervision. Student activities will include games, music, food, entertainment and prizes. Your tax-deductible donation will go directly toward these activities for the students to enjoy. Due to the coronavirus spread, we may have to modify the programming for this year, but we are committed to hosting this event in a safe way.

Please consider the below options and confirm to Kimberly Bradby (Corporate Sponsorship Chair) at mskimbradby@gmail.com. This chair will be responsible for providing documentation to you of the advertising of your business throughout the year.

Thank you for your consideration with partnering with the Elkins High School 2021 Graduating Class!

Kindest regards,

EHS ProGrad 2021
